AND INSURED

23 & 25 Loverock Road Reading RG30 1DZ Tel: 07464 157009

Rags and Bert's offers an exciting new alternative to traditional dog care and dog walking services. Based on the Californian Doggy Day Care system, we provide 3,000 square feet of purpose built, indoor space where your dog will have fun in a fully supervised environment. Your dog will be with someone at all the times and, just like a child in nursery, they will experience a timetable of fun, learning, rest and structured play, so you can go about your business knowing that your furry-family member is in safe hands.

Being part of Rags and Bert's will also give you access to our kennels, so if you ever need to stay away, Doggy Night Care can be arranged. Accommodation includes state of the art, glass fronted kennels and along with our night porter, who will be with your dog throughout the night, everyone will get a good night's sleep.

Our certified animal trainer is also on-hand to help your dog whenever needed and an on-site grooming salon is available to ensure your dog is always looking in tip-top condition.

So welcome to Rags and Bert's, where doggies come to play and stay.
