PACKAGE OVERVIEW

Steady Paws is designed for dogs who struggle with over-arousal, anxiety, or reactivity. Through structured, tailored training, dogs learn to develop calmness, emotional control, and focus, in real world settings, helping them respond more appropriately to everyday situations and achieve lasting behavioural change.

WHAT WE FOCUS ON

EMOTIONAL REGULATION

Teaching dogs how to settle, make better choices, and manage excitement before it escalates into unwanted behaviour.

FOCUS & ENGAGEMENT

Building stronger communication and attention around distractions to improve responsiveness and reliability.

TRIGGER MANAGEMENT

Helping dogs learn to remain calm and disengage appropriately from environmental triggers such as dogs, people, traffic, noises, or movement.

CONFIDENCE BUILDING

- 🐾 Developing resilience through carefully managed exposure, positive experiences, and achievable challenges.

IMPULSE CONTROL

- 🐾 Teaching dogs to pause, think, and respond appropriately rather than reacting emotionally.

REAL-WORLD APPLICATION

- 🐾 Practising skills in realistic environments where dogs commonly struggle, ensuring behaviours transfer into everyday life.

WHAT YOU GET:

- 🐾 Five one-to-one training sessions
- 🐾 Personalised training plan
- 🐾 Progress monitoring throughout the programme
- 🐾 Individual behavioural recommendations
- 🐾 Owner handover session
- 🐾 Ongoing programme adjustments based on progress
- 🐾 Practical exercises and homework guidance

EXPECTED OUTCOMES:

- 🐾 Calmness and emotional control
- 🐾 Focus and responsiveness
- 🐾 Ability to disengage from triggers
- 🐾 Confidence in challenging situations
- 🐾 Overall behaviour management
- 🐾 Owner understanding and handling skills

Every dog progresses at their own pace. The focus is on achieving meaningful, lasting behavioural improvement rather than simply teaching commands.
