HOW LONG HAVE YOU WORKED AT R&B'S?

I have worked for Rags & Bert's for 6 months now! How time flies when you're having fun!

WHAT IS YOUR ROLE WITH RAGS & BERT'S?

I am the site manager for Loverock Road.

DESCRIBE A TYPICAL DAY

I will normally start my day by doing a walk around the site, making sure everything is as it should be, and our daycare and hotel are running smoothly. It also gives me a chance to say good morning to the dogs, before heading into the office to get started with my day. I will check our bookings, answer emails, organize staff and file paperwork. I will also cover daycare or hotel shifts when needed, which gives me a nice balance between office and dog work!

WHAT IS THE BEST PART OF YOUR JOB?

Playing with the dogs, of course! Dogs are at the heart of everything we do at Rags & Bert's, so it's lovely to be able to play and build up a relationship with each dog.

WHAT IS THE WORST PART OF YOUR JOB?

Saying goodbye. Whether the dog is nearing the end of the dog's life, or owners moving away, saying goodbye is definitely the hardest part.

WHY DO YOU LIKE WORKING AT R&B'S?

I love working at Rags & Bert's because of the dogs and my colleagues. We make a great team, all with the mindset of putting the dogs first. This makes it easy to work together as we all have the same goal. Other than the obvious playing and cuddling the dogs – observing the dogs interacting and seeing the progress being made with confidence / training is very interesting to see!

WHAT DO YOU DO WHEN YOU ARE NOT AT WORK?

I love to learn, so I'm often studying an animal related course in my spare time. I also love nature & try to get outside, going on hikes as often as I can.

WHAT IS YOUR FAVOURITE FOOD?

I love Asian cuisine – veggie sushi probably being my favorite.

HOW WOULD YOUR FRIENDS AND FAMILY DESCRIBE YOU?

An animal lover first and foremost. I'm a lover of any animal, from the fluffy pups to insects and reptiles! I'm handy to have around when there is a spider in the house!

WHAT 3 THINGS WOULD YOU TAKE TO A DESERT ISLAND?

- 1) Water purifier
- 2) Sun cream – I burn easily
- 3) A surfboard – may as well have some fun!

WHERE IS YOUR IDEAL HOLIDAY DESTINATION?

Japan! The culture and scenery are beautiful.

WHAT IS YOUR FAVOURITE BREED OF DOG?

This is an impossible question! I love so many breeds, but my all-time favourite would probably be a Shiba Inu. I love their cute appearance and sassy nature.
